

EDUCATION

Duke University, Sanford School of Public Policy Master of Public Policy	Durham, NC 2017 – 2019
Washington University in St. Louis Bachelor of Arts, History & Anthropology	St. Louis, MO 2011 – 2015

RELEVANT PROFESSIONAL EXPERIENCE

Keybridge Washington, DC
Associate (Full-Time) August 2019 – Present

Conducts economic and policy analysis to support industry associations, government agencies, and non-profit organizations. Applies skills in data management, statistical analysis, and qualitative research to a range of public policy issues, focusing on energy and environmental policy, emergency management, and flood insurance markets. Prepares reports, dashboards, and presentations to communicate analytical findings and key insights.

Sustainable Energy Transitions Initiative Durham, NC
Research Assistant (Part-Time) January 2018 – June 2019

Created a presentation for the UN Foundation on electrification's impact on health clinics. Updated and analyzed extensive literature review of over 8,000 academic articles on the productive use of energy. Evaluated academic articles for submission to journals specializing in energy and the environment. Analyzed qualitative interviews from focus groups discussing air quality in Asian mega-cities.

Population Institute Washington, DC
International Family Planning Intern (Full-Time) June 2018 – Aug 2018

Analyzed population data and calculated demographic trends for Mali and Burkina Faso. Wrote Congressional briefs about the demographic dividend, economic development, food and water security, and migration.

College Advising Corps St. Louis, MO
College Adviser (Full-Time) June 2015 – May 2017

Served at a St. Louis public school to increase rates of college applications, college enrollment, and graduation for low-income, underrepresented minorities. Planned and taught an ACT prep class for seniors, created presentations for students and a college and career newsletter. Increased FAFSA completions rates by 23% and increased college applications by 52%.
